## JCU's Hero's in Health

Are you interested in pursuing a career in the health care sector?

JCU and the Mater Hospital are pleased to announce Heroes in Health, a unique two-day program providing students in Years 11 and 12 with an unrivalled opportunity to go behind-the-scenes at a working hospital.

Whether you are interested in pursuing a career in nursing, medicine, pharmacy, or another health-related discipline, the Heroes in Health program gives students the opportunity to don scrubs and do hospital rounds, chat with health care staff, and will allow them to get a true feel for what it's like to work in multiple health care disciplines. The program will run in on 11-12 October in Mackay and Rockhampton. Registrations close 2 September.

## Griffith University

Be sure to check out this [great resource from Griffith University](#) containing important information about upcoming events, key dates, preferencing tips, course requirements, schemes and opportunities.

### Griffith Diplomas

Griffith undergraduate diplomas give students a supported start to their university studies, helping the transition to a student's chosen bachelor degree.

Students can apply for Diplomas via QTAC. When you click into each program you can see the QTAC code for each Diploma + Bachelor. Please be aware that these are not stand alone, they are all packaged with a bachelor and each Diploma + Bachelor (and campus) combination has a unique QTAC code. We recommend putting these diplomas in that preference 5 or 6 slot as a back-up course. There will also be campaigns run to contact students who are not successful on getting a place directly into a Bachelor at Griffith to let them know about Diploma's as a back-up option.
