

## A new journey for your school community

From Tuesday 27 January 2026, Kinetic will begin operating 13 school bus services and urban routes 621 and 622 across the Bundaberg region. With this change, Kinetic will now run every urban bus route in Bundaberg, bringing the whole network together under one reliable, friendly operator.

### What your school can look forward to

We know school transport isn't just a bus ride — it's the start and end of your child's day. So we've planned this transition with care.

- **Reliable, fixed routes:** School services will continue to run on set routes, making mornings smoother and afternoons predictable.
- **Familiar faces:** Many of the drivers you know and trust will continue on these routes. Same smiles, new uniforms.
- **Brand new buses:** We're introducing 11 modern school buses — safer, cleaner and more comfortable for every student.

### Register with us and be ready to travel

For everyone's safety and peace of mind, we ask that all students travelling with us **register with our local team by calling on 1300 383 397.**

### School Transport Assistance Scheme

If you're looking for guidance on the School Transport Assistance Scheme (STAS), we've got

you covered there too. You can learn more about the scheme — and submit your travel application under the operator TMR Bundaberg visit - [qld.gov.au/transport/public/school/school-transport-assistance/apply-for-school-transport-assistance](https://qld.gov.au/transport/public/school/school-transport-assistance/apply-for-school-transport-assistance).

### Who are we?

We're one of Australia and New Zealand's leading bus operators, moving millions every year with a focus on safety, comfort and a genuinely good experience. Now we're expanding our services in Bundaberg — and we can't wait to get rolling.

We've been part of the local community since 2022, when we welcomed Duffy's City Buses into the family — and we've been investing locally ever since. One of the ways we do that is through our annual Moving Communities Fund, which helps support local community initiatives.

We were especially thrilled to back the Bundaberg Athletic Club as a 2025 grant recipient. Their team used the funding to help local athletes — including those from Indigenous, remote, disability and economically disadvantaged backgrounds — travel to state and national championships.

We can't wait to welcome students on board, if you have any questions, reach us at 1300 383 397 or [bundaberg@wearekinetic.com](mailto:bundaberg@wearekinetic.com).
