

# Shalom College Pathways News

## **Work Experience**

Work experience is a great opportunity for students to explore their passion and understand what is expected in the workplace, while developing skills outside the classroom. It is also an opportunity to understand what they may need to do to prepare for the future. If students are intending on taking part in Work Experience in the Easter school holidays, please ensure your signed paperwork is returned to the Pathways Office no later than Tuesday 29 March. [Please see the Student Work Experience Booklet](#) for further information and instructions on engaging in work experience.

## **Become an Artificial Intelligence Engineer and Create Ground-Breaking New Technologies**

Artificial Intelligence (AI) Engineers are responsible for developing applications and systems that use smart learning to provide solutions for all kinds of businesses. AI uses algorithms, such as logic and probability, as well as other processes such as speech and face recognition, to operate and problem-solve without the assistance of people.

If you love technology and science, have a great knack for problem-solving, and want a career in one of the fastest-growing markets in the world, becoming an AI Engineer could be perfect for you. Roles are becoming increasingly popular world-wide, especially with large tech companies such as Microsoft and Google as well as being in demand across almost every industry imaginable such as Aviation, Manufacturing and Health to name a few. [Find out more here.](#)

## **Creative Workshops JMC Academy - South Brisbane**

JMC is one of Australia's leading creative industries institutions offering a wide and varied range of courses. If you are creative and interested in Audio or Song Writing then the following workshops might just be for you!

The Immersive Audio Workshop explores the ever-changing world of Audio, exploring sound aesthetics in a 360 virtual space. Learn how to create immersive soundscapes used in film, music and game design. Find out more: [Immersive Audio Workshop.](#)

Are you a budding songwriter? Want to learn how to generate ideas and compose a song lyrically and instrumentally and then perform it? Then this is the workshop for you! Find out more: [Song Writing Workshops.](#)

## USC Headstart Information Evening

Are you ready to make a start on your future? At the USC Headstart Online Information Evening you will learn how Headstart gives Year 11 and 12 students a real university experience and sets you up for the future, allowing you to study first-year university subjects and receive credit to take time off your degree.

- Gain credit towards your USC degree
- Save money! The first Headstart course is free and your second course is only \$400
- Prepare for and get a taste of university
- Gain QCE points
- Broaden your education
- Explore a subject you're interested in before committing to a full degree
- Receive a subject bonus adjustment (1 rank per course) to be applied to your ATAR score or selection rank

Have all your questions answered and hear from other Headstart students about their experience and tips for what to expect. [Register here.](#)

Online: Tuesday 22 March via Zoom

Time: 5:30pm - 6:30pm

Who should attend: Parents and students in Years 10-12

## QUT Advice Night

Thinking of studying at QUT? Year 11 and 12 students can have all their questions answered in the upcoming webinar. Hear from real students about their university experience and ask questions about their course, why they chose QUT and uni life in general. [Register here.](#)

**Date and Time:** Wednesday, 23 March – 5.30pm to 7.00pm

**Location:** Online via Zoom
